DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 11, 13 – 16, 23 and 24 are allowed.

The following is an examiner's statement of reasons for allowance:

The Examiner found the Applicant's arguments filed on June 15, 2006 persuasive, and therefore, considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on April 13, 2006, and further comprising the limitations of **(With respect to claims 1, 13, 23 and 24)** generating a speed control signal corresponding to a difference between a desired rotor angular velocity and a rotor speed inferred from a frequency of the drive voltage, and varying an amplitude of the drive voltage in accordance with the speed control signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
